

## **TRACK TRAINING TIPS NUMBER 21**

### **“SOMETHING DIFFERENT”**

By way of a change I thought you might be interested in a forthcoming event by Public Sector Providers.

They are running a Diversity Masterclass on 1 November at the National Motorcycle Museum, Birmingham. A pragmatic ‘how to’ day designed to equip delegates with practical ways of implementing the new requirements which not only ‘ticks the boxes’ but actually improves practice in your organisations.

To find out more and book onto the conference electronically simply follow the link:

I hope you find this of interest – do let me know how you get on.

Best Regards
